PROFESSIONAL SUMMARY

Final-year B.Tech student skilled in Java&DSA, and proficient in both frontend and backend development with a strong foundation in problem-solving and algorithmic thinking. Experienced in building and optimizing web applications, with a keen interest in delivering scalable and user-focused solutions. Explore my projects on GitHub and connect with me on LinkedIn.

EDUCATION

Ajay Kumar Garg Engineering College

B.Tech-ECE

2022 – 2026

Ghaziabad, Uttar Pradesh

Christ The King Inter College

12th Standard

2021 – 2022

Tundla, Uttar Pradesh

Christ The King Inter College

10th Standard

2019 – 2020

Tundla, Uttar Pradesh

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- OOPS Concepts
- Web Development
- Computer Networks

EXPERIENCE

Web Development Intern – Delhi Metro Rail Corporation (DMRC)

(New Delhi, India)

July 2025

[\[View Project\]](#)

- Developed a **Lost & Found portal** to report and retrieve lost items through a secure online system.
- Enabled item verification and handover by DMRC officials using a structured request and validation workflow.
- Built the full-stack application using **ReactJS**, **TailwindCSS**, **Express**, **MongoDB**, and **JWT authentication**.
- It aims to improve item recovery turnaround by providing commuters a transparent and verifiable digital interface.

PROJECTS

PREP&RISE

[\[View Project\]](#)

- **Prep&Rise** is a website project designed to help users integrate AI models into their apps. It enhances job interview preparation through conversational AI using a sleek, modern interface. Built with **NextJS**, uses **Firebase** for authentication and data storage, styled with **Tailwind CSS**, and powered by **Vapi**'s voice agents.

Tools Used – NextJS, Tailwind CSS, Vapi, Firebase

Mind-Space

[\[View Project\]](#)

- Developed a well-being web app with guided meditations, mood tracking, and journaling, implementing secure authentication and persistent storage — resulting in seamless cross-device access and increased user engagement.”

Tools Used – ReactJS, Node.js, Express.js, MongoDB, TailwindCSS

MY PORTFOLIO

[\[View Project\]](#)

- An immersive 3D portfolio featuring interactive elements, fluid animations powered by **GSAP**, and visually engaging 3D models developed using **ThreeJS**. Built with a fully responsive design to elegantly showcase my journey, spotlight projects with impact, and cultivate meaningful connections, while enabling seamless communication through **EmailJS**.

Tools Used – ReactJS, Tailwind CSS, ThreeJS, GSAP, EmailJS

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML, CSS, SQL

Developer Tools: VS Code, GIT, Github, Postman

Technologies/Frameworks: ReactJS, NodeJS, ExpressJS, RestApi, MongoDB
